A. Housing allocation ;

It was noted that at the meeting with Gemma Webster she stated that the HCC Draft Core Strategy would be signed off by HCC during Jan 2014 with no material changes to the draft . In consequence , C & S will be required to accommodate some 58 new houses during the period 2014 – 2031 . However , after deducting builds already constructed or in the pipeline , this number will reduce to 50 .
