

Question

1 How do you want Cradley & Storrige to develop? Examples may

1.3 Continue to develop as it is now.

Responded

Y	34	N	10	N/O	6	Of total	67.57%
---	----	---	----	-----	---	----------	--------

Encourage small businesses

Continue rate of last 10 years

Pub and shop open Mondays needed

In danger of losing its heart

Need deve plan not ad hoc

Preserve conservation area and AONB

Slowly

Nice mix of families, retirees, commuters, local workers. Would be nice to have more facilities eg PO,m pub, village green

Small pockets of development with minimum impact on stunning views

1 and 2 not possible - lots of people don't work and facilities can't be sustained

Keep as a village

Further controlled devpmt with appropriate facilities

A balanced mix of people generating a successful community as it is at the moment

Yes but with imaginative planning and guidance to what everyone wants which is why we are producing an NDP presumably.

It needs to develop at a faster rate to justify and maintain having a doctors practice, school and to provide customers for a shop and post office, pub etc.This might help to save hat little public transport that exists.

No development or progression in Storrige - It is needed!

It would be preferable for the village to grow according to its local housing needs with developments to be sympathetic to the character of the village and the existing residents. The current infrastructure and facilities (shops/schools/buses/doctors etc.) should be maintained and developed as required by the growth of the village.

Must retain a bus service

post offices facilities as arranged

we have enough now no more

Enough evelopment in worcs/malvern anyway

Current development is piecemeal - NO!

The village is divided an losing amenities. More thought need to be given to medium and long term planning objectives and decisions not made purely on individual applications.

the village seems to be a good mixture of commuters, people working locally and retired. It seems to produce a good sense of community so let's keep it like that.
